Dear Partners,

Greetings from Tokyo Institute of Technology (Tokyo Tech)!

We are writing to inform you of the Japanese Government Scholarship programs for those students who are planning on earning their degrees at Tokyo Tech. Successful applicants can start their study from September 2017. We would be grateful if you would share this information with your students.

Tokyo Tech offers the following two programs to which graduate-level students can apply.

Interested students can apply to either of these programs, but it is not possible to apply to both programs simultaneously.

1) Research Student Program

-URL: [http://www.titech.ac.jp/english/graduate\\_school/international/research\\_students/mext\\_application.html](http://www.titech.ac.jp/english/graduate_school/international/research_students/mext_application.html)

-Inquiries: International Student Exchange Division  
(tokyotech.mext@jim.titech.ac.jp)

-Closing Date: November 20, 2016

For the Research Student Program, students will enter Tokyo Tech as Research Students (non-degree students). They may advance to Tokyo Tech's Master's/ Doctoral program, provided that he/she successfully passes the entrance examination.

Students from universities which have formal agreements with Tokyo Tech will be given priority consideration for this program.

2) International Graduate Program A [IGP (A)]

-URL: [http://www.titech.ac.jp/english/graduate\\_school/international/graduate\\_program\\_a/index.html](http://www.titech.ac.jp/english/graduate_school/international/graduate_program_a/index.html)

-Inquiries: Admissions Division (ryugakusei@jim.titech.ac.jp)

-Closing Date: November 30, 2016

For the IGP (A), students can directly apply to enroll in the Master's, Doctoral or Integrated Doctoral Programs at Tokyo Tech from abroad. Lectures and seminars for the IGP (A) are conducted in English. Applicants with outstanding academic performance records are eligible to apply for the Japanese government scholarship.

Information on application procedures and application forms are available on these websites.

Thank you in advance for sharing this information with your students and for your kind cooperation.

Best regards,

# Application Procedures for MEXT Scholarship Research Students

## Application Procedures for Tokyo Tech Recommended Japanese Government (MEXT) Scholarship Students Research Student Program commencing September 2017

Tokyo Tech-recommended recipients of the Japanese Government (Ministry of Education, Culture, Sports, Science, and Technology - MEXT) Scholarship will enroll in Tokyo Institute of Technology (Tokyo Tech) as **Research Students in the Research Student Program starting from September 2017.**

Scholarship recipients who have demonstrated excellent academic achievement and who have passed the entrance examination for April 2019 or earlier may be eligible to enroll in Tokyo Tech's Master's or Doctoral Programs and to extend the duration of the MEXT Scholarship under certain conditions.

**Please note that applicants for the International Graduate Program (A) starting from September 2017 cannot apply for this program.**

The Research Student Program is a non-degree program, while the International Graduate Program (A) is a degree program for master's and doctoral students.

### Qualifications:

#### 1. Eligibility

Eligibility is limited to applicants, who are **not residing in Japan and who will be able to arrive in Japan prior to the enrollment period** as a graduate-level student.

In addition, applicants must have demonstrated excellent academic achievement with a grade point average of 2.30 (out of 3.00) or above in the previous academic year and meet certain criteria.

Finally, each applicant must have obtained either

An official recommendation from a university with which Tokyo Tech has a formal agreement

An official recommendation from the president or representative (e.g. director or dean) of a university with which Tokyo Tech has established bilateral activities.

#### 2. Nationality

Applicants must have the nationality of a country that has diplomatic relations with Japan. Applicants with no official nationality are also eligible to apply. An applicant who has Japanese nationality at the time of application is not eligible. However, persons with dual nationality who hold Japanese nationality and whose place of residence at the time of application is outside of Japan are eligible to apply as long as they choose the nationality of the foreign country and give up their Japanese nationality by the date of their arrival in Japan. Applicant screening will be conducted at the Japanese diplomatic mission in the country of applicant's nationality.

#### 3. Age

Applicant must have been born on or after April 2, 1982.

#### 4. Academic Background

Applicants must have graduated from a Japanese university or have academic ability equal or superior to that of a Japanese university graduate. An applicant will be deemed to have academic ability equal or superior to that

of a Japanese university graduate, if he/she:

- (1) has completed or will complete a 16-year school curriculum in a foreign country; or
- (2) is or will be aged 22 or older and has taken an individual entrance qualification examination and has been judged by Tokyo Tech as being equal or superior in academic ability to a Japanese university graduate.

Note: Eligible applicants include those who otherwise satisfy or will satisfy qualification requirements for admission to a Japanese graduate school.

**5. Major Field of Study**

Each applicant should apply for the field of study he/she studied at the previous university or a related field. Each applicants must identify a field in which he/she can receive education and perform research at Tokyo Tech.

**6. Japanese Proficiency**

As for the research field which requires Japanese language (e.g. Japanese history, linguistics), applicants must have the ability to do research in Japanese.

**7. Health**

Applicants must be free from any mental or physical disabilities that would impede the pursuit of study at Tokyo Tech.

**8. Arrival in Japan**

Applicants must be able to leave for and arrive in Japan within two weeks of the date set by Tokyo Institute of Technology for the beginning of the third quarter in September, 2017.

Note: If the applicant cannot arrive in Japan by this set period, his/her enrollment status may be cancelled. Travel expenses will not be provided if the applicant chooses to travel to Japan before designated two-week period.

**9. Visa Requirement**

Applicants must acquire College Student (ryugaku) visas before entering Japan. They then enter Japan with the College Student (ryugaku) residence status. Please also note that those who change their visa status to one other than College Student after arrival in Japan will lose their qualification to be Japanese Government Scholarship recipients from the date that their visa status changes.

**10. Community engagement**

Applicants should be willing to participate in community events held in Japan to boost mutual understanding.

After returning to the home country, former scholarship recipients shall maintain close contact with the university where they studied, cooperate with the conducting of post-return survey questionnaires, participate in events conducted by Japanese diplomatic missions in their country, and work to improve relations between the home country and Japan.

**11. Others**

Applicants who meet any or all of the following conditions are not eligible. If identified after the start of the scholarship period, the applicant will be required to withdraw from the scholarship:

- 1. Those who are military personnel or military civilian employees at the time of their arrival in Japan;
- 2. Those who cannot arrive in Japan during the period designated by MEXT or Tokyo Tech;
- 3. Those who previously received a Japanese government scholarship and does not have educational research experience exceeding more than three years since the scholarship period ends. This does not apply to the past recipients of Japanese studies scholarships, Japan-Korea Joint Government Scholarship Program For The Students In Science And Engineering Departments and the Young Leaders Program;

4. Those who are currently enrolled at a Japanese university with a College Student (ryugaku) residence status; those enrolled, or scheduled to be enrolled, at a Japanese university as a privately financed international student during the period when the scholarship application was filed in the home country until prior to the start of the provision of the scholarship; This does not apply to current self-financed international students at Japanese universities who will complete their courses of study and return to their countries before the end of the current fiscal year;
5. Those who apply through other universities for the same scholarship; Recipients of scholarships from institutions other than MEXT that overlap with the MEXT Scholarship;
6. Those who are expected to graduate at the time of application and cannot satisfy the qualifications and the conditions related to academic background by the deadline given;
7. Those who are holders of dual nationality at the time of application who cannot verify that they will give up Japanese nationality by the time of the arrival in Japan; or
8. Those who wish, from the time of application, to conduct fieldwork or participate in an internship outside of Japan, since this scholarship program is intended for overseas students who wish to enroll in a Japanese university and do graduate research in Japan.

#### **Term of Scholarship:**

**From October 2017 to March 2019 (18 months)**

Note: If the recipient desires to proceed to a regular graduate program from the Research Student Program, he/she may have the term of his/her scholarship extended upon successful examination by MEXT provided that he/she has made outstanding academic achievement that meets certain criteria. An extension of the term of the scholarship will not be approved if he/she fails to advance to a regular graduate program.

The monthly stipend will not be provided for September 2017.

**Tokyo Tech-recommended MEXT Scholarship students cannot enter a graduate school of a university other than Tokyo Tech.**

#### **Scholarship Benefits:**

##### **1. Allowance**

**Scholarship recipients will be provided a monthly stipend of 146,000 JPY (Research Student).** This stipend is subject to change as specified by the regulations of the MEXT Scholarship program. Monthly stipends will not be paid to a recipient who takes a leave of absence or is long absent from Tokyo Tech.

**Scholarship will be cancelled in the following cases.**

Furthermore, if scholarship payments were made during the period the following cases applied, the recipient may be ordered to return scholarship payments received during that period.

1. The recipient is determined to have made a false statement on his/her application;
2. The recipient violates any article of his/her pledge to the Minister of Education, Culture, Sports, Science and Technology.
3. The recipient violates Japan's laws and regulations and is sentenced to imprisonment of more than one year.
4. The recipient is subjected to disciplinary action taken by Tokyo Tech, such as expulsion or removal from register;
5. It has been determined that it will be impossible for the recipient to complete the training course within the standard time period because of poor academic grades or suspension from Tokyo Tech;
6. The recipient's residence status has changed to one other than College Student as defined in the Appended Table I-4 of the Immigration Act;

7. The recipient has received a scholarship from another institution (excluding those specified for research expenditures).
8. The recipient proceeds to a more advanced level of education without receiving approval for an extension of the period of the scholarship; or
9. The recipient withdraws from Tokyo Tech or is transferred to other university.

## 2. Traveling Costs

### (1) Transportation to Japan

The recipient will be provided, according to his/her itinerary and route as designated by MEXT, with an economy class air ticket from the international airport closest to his/her place of residence to Narita or Haneda International Airport. Expenses such as inland transportation from his/her place of residence to the nearest international airport, airport tax, airport usage charges, special taxes on overseas travel and travel expenses within Japan will NOT be covered. (the place of residence of the recipient shall in principle be the address stated in the application form). Air travel from a country other than the recipient's nationality will not be covered.

### (2) Transportation from Japan

An economy class air ticket for a flight from Narita or Haneda International Airport to the international airport closest to the recipient's place of return in his/her country of citizenship will be provided, upon application, if the recipient returns to that country during the final month in which he/she receives the scholarship.

Note: (1) Insurance premiums for travel to/from Japan shall be borne by the recipient. The airport the recipient departs from or returns to must be an airport of the country of his/her nationality.

(2) In some cases, the return air ticket may be provided by Tokyo Tech.

### (3) School Fees

Fees for matriculation, tuition and entrance examinations will be waived by Tokyo Tech.

## Application Procedures:

[Application Form Download \(WORD file\)](#) 

**Application Deadline: November 20, 2016**

### 1. Finding an Academic Supervisor

Prior to submitting application materials to the International Student Exchange Division, **applicants must arrange for a Tokyo Tech faculty member to serve as an academic supervisor and undergo an initial interview before the stated application deadline.** In order to be considered for admission, the applicant must first find an academic advisor. Applicant is required to communicate directly with his/her intended academic supervisor at Tokyo Tech and obtain the consent of the desired faculty member to serve in this capacity. Applicants must directly contact the intended academic supervisor via email and provide a self-introductory statement and a letter of intent for his/her period of study at Tokyo Tech.

Applicants must request that his/her academic supervisor write a "**Letter of Acceptance**" (Form 5). The academic supervisor must fill out the form and submit it to the International Student Exchange Division by the stated deadline. The "**Letter of Acceptance**" will serve as one of the applicant's documents to be considered during the application screening process.

For further information on our faculty members, please refer to the "**STAR Search**" (**Researchers' Database**)  on Tokyo Tech's homepage.

Some academic supervisors may require the submission of additional documents before the stated deadline.

### 2. Documents to Be Submitted

**(1) Checksheet and Questionnaire (Form 1) (double-side printing)**

**(2) Application Form (Form 2) (double-side printing, original, no photocopies)**

**Photograph** (4.5×3.5 cm, taken within the past six months, upper body, full-faced, no caps or hats. Write your name and nationality on the reverse side. The photograph must be pasted on the application form. Digital photograph inserted in the form is also acceptable.

**(3) Field of Study and Study Program [Research Proposal] (Form 3) (double-side printing)**

**(4) Official Academic Transcripts** from both undergraduate and graduate schools (originals or certified copies)

**(5) Certificate of Graduation or Expected Graduation** from both undergraduate and graduate schools (originals or certified copies)

**(6) Summary of Thesis** (free format)

Applicants who have not written a formal thesis are requested to submit the details of his/her research conducted at his/her home university.

**(7) English Proficiency Test Score Report (original, no photocopies)**

Applicants are required to submit an English proficiency test score report from **TOEFL-IBT, TOEFL-PBT, TOEIC or the IELTS Academic Module** taken on or after November 21, 2014. Score reports from TOEFL-ITP, TOEIC-IP or other proficiency tests not specifically listed above will not be accepted.

Applicants can request ETS or the British Council to send an official score report directly to Tokyo Institute of Technology. Tokyo Institute of Technology's institutional code number for TOEFL is "0215".

**(8) Recommendation Letter** Applicants must be recommended by either a university with which Tokyo Tech has a formal agreement or a university with which Tokyo Tech has established bilateral activities. Applicants must obtain an official letter of recommendation from the university's president or representative (director or dean) addressed to the President of Tokyo Institute of Technology (free format) (original, no photocopies). The letter must be submitted from the university from which the applicant graduated or from which the applicant will graduate.

**(9) Evaluation Sheet with a Recommendation Letter from a Supervisor, Head of Department, etc. of the last university attended** to verify the potential of applicant (Form 4) (original, no photocopies)

**(10) Copy of Applicant's Passport** (the page(s) with applicant's name, nationality, date of birth and photo)

**(11) Score Report of Japanese Language Aptitude Test** (if applicable)

### 3. Submission of Application Documents

**The completed application documents must reach the International Student Exchange Division no later than November 20, 2016 by registered mail, courier service or a similar service.**

Note:

(1) These documents must be written in either Japanese or English. A document written in any other language must be attached with a Japanese or English translation.

(2) Tokyo Tech will not accept any documents received after the stated deadline or any incomplete applications.

(3) Tokyo Tech cannot respond to any inquiries regarding receipt of individual application documents. Applicant is responsible for the tracking and receipt of all materials. Tokyo Tech strongly encourages sending the documents by registered mail, courier service or a similar service that provides tracking numbers and receipt verification services.

(4) Submitted documents will not be returned under any circumstances. Tokyo Tech will not provide photocopies of the submitted documents. Please keep a copy of all documents for personal reference. In the event that a document cannot be re-issued, please submit a certified copy instead.

(5) Admission may be withdrawn at any time, even after enrollment, if the application documents are found to be invalid or containing any false information.

#### 4. Notification of the Application Results

In February 2017, Tokyo Tech will announce its selection of candidates to be recommended for the MEXT scholarship. The official announcement of MEXT Scholarship recipients will be made in May 2017.
